Union Specialty	Real Estate Services	Early VC — Feb 2026	AI-native wholesale specialty insurance carrier streamlining risk placement and policy management
TwoStep Therapeutics	Biotechnology	Series A, \$45M — Jan 2026	Polyspecific peptide platform enabling selective tumor cell killing with reduced off-target toxicity
Almanac Engineering	Machinery (B2B)	Seed — Jan 2026	AI tools and workflow automation to enhance productivity for industrial machinery operators
Nebula AI	Productivity Software	Seed — Jan 2026	AI workflow automation and integration platform improving enterprise team productivity and output

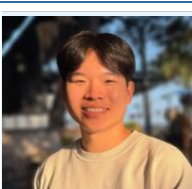

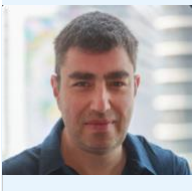

SECTOR FOCUS

Vertical AI	Deep Tech	Health & Bio
- Proprietary data capture through existing workflows; AI that fully reinvents rather than augments - Vertical robotics, drones, and sensor platforms owning unique data — autonomous systems redesigning service industries - Molecular biosensors, biobanking, and chronic care platforms that decentralize care delivery - Drug delivery platforms, cell therapy infrastructure, reproductive longevity, and digital bioprocessing		

JHTV PORTFOLIO MATCHES

Circlage AI in the OR • NewCo <i>Shameema Sikder & Swaroop Vedula</i> AI platform for objective surgical skill evaluation — starting with cataract surgery. 93% accuracy, patent pending, MSFT Innovation Award winner. Fits 2048's deep tech / AI in the OR thesis.	CurveAssure Vertical AI • Health • Seed <i>Evan Haas</i> AI video MSK assessment — no hardware, \$500K+ ARR, seeking \$1.5M. Pure software vertical AI in healthcare, squarely in 2048's check size and thesis.
SafeTower Vertical AI • Health • Seed <i>Kumar Subramaniam & Eileen Kasda</i> Auto-classifies hospital safety events using proprietary Hopkins data. \$4M raised, live at JHH. Defensible data moat + proven clinical adoption.	CurieDX AI Health • B2B SaaS • Seed <i>Therese Canares & Rashmi Sachan</i> Smartphone AI disease prediction for telehealth; NSF & Microsoft-backed. Seeking \$1.3M on \$900K raised. B2B SaaS model with strong institutional validation.

WHO WE ARE MEETING WITH

	Edward Jin Associate Previously invested at Crescent Fund, Dorm Room Fund, and Spero Ventures. Product roles at Fileread (legaltech, NYC) and Armada (edge computing, Seattle). B.S. Mathematics—CS & Business Economics, UC San Diego. Focuses on Deep Tech and Vertical AI.
	Alex Iskold Founder & Partner 5x founder and 5-year MD of Techstars NYC. Founded Info Lab (acq. IBM), GetGlue (backed by USV/RRE), and DataSynapse (acq. TIBCO). VC in Residence at Harvard Business School. B.S. Math, Lehigh; M.S. CS, NYU.
