

FELICIS

Investor One-Pager | Prepared for JHTV

Menlo Park, CA • Founded 2006 • felicis.com

Felicis FV X

\$900M

Closed Jun 2025

\$3.9B Total AUM

Undisclosed

230	Seed → Series A	61
Active Portfolio Companies	Stage Focus	Investments TTM (PitchBook)

Felicis led Osmosis's \$4M Series A (Jun 2019) — co-founders Shiv Gaglani & Ryan Haynes met as JHU medical students, making this a clean JHU-founder portfolio connection. No direct JHTV technology licenses identified; confirm additional overlaps in PitchBook.

FIRM OVERVIEW

Founded	2006
HQ	Menlo Park, CA

SECTOR FOCUS

Artificial Intelligence	Health & Bio	Cybersecurity & Infra
- Back AI-native founders building category-defining companies — over 70% of active portfolio is AI-first 94% of capital deployed at Seed/Series A; 24-hour term sheet; leads or co-leads 83% of rounds - Deep conviction in health & bio: AI unlocking proactive diagnostics, continuous monitoring, and the trillion-dollar healthcare admin problem - Founder-first: 0 board votes against founders, 1% of every first check to founder development, always vote with founders		

LAST 10 INVESTMENTS

Company	Sector	Note	Description
Endurance Energy	Clean Energy	Series A, \$54M — Jun 2026	Ex-SpaceX team tapping undersea Ring of Fire volcanos for clean geothermal baseload power.
Supabase	Dev Infrastructure	Series F, \$500M — Jun 2026	Open-source Firebase alternative; backend-as-a-service platform providing real-time databases, auth, and storage for developers worldwide.
Adaptive Innovations	Health AI	Series A, \$50M — Jun 2026	AI-native home health platform automating intake and compliance; 100K+ visits at 4.9% rehospitalization.
Atalanta	Productivity Software	Seed, \$3M — Jun 2026	Early-stage productivity software startup backed by Felicis and In-Q-Tel; limited public disclosure at this stage.
Revel	Hard Tech Infra	Series B, \$150M — May 2026	Unified software for hardware test and control; cuts setup from 14 days to 8 hours for aerospace and defense.
Armada	Edge Computing	Series B, \$230M — May 2026	Builds purpose-built edge compute for remote, disconnected, and contested environments.
Fractile	AI Semiconductors	Series B, \$220M — May 2026	Application-specific chip startup designing AI inference accelerators that enable large language models to run on-premise at low cost.
Deep Infra	AI Infrastructure	Series B, \$107M — May 2026	Managed inference platform providing API access to leading open-source AI models at scale for developers and enterprises.
Blomma	Productivity SaaS	Seed, \$5M — Apr 2026	AI career coaching for the broader workforce at \$25/mo.
Sooth Labs	AI Analytics	Seed, \$50M — Apr 2026	AI event forecasting by ex-Meta GenAI VPs; \$335M seed valuation.

JHTV PORTFOLIO MATCHES

CurveAssure <i>Evan Haas</i> AI video-based MSK assessment platform with \$500K+ ARR and no hardware required — pure vertical health AI with seed-stage traction, squarely in Sundeep's health & bio + AI thesis.	CurieDX <i>Theresa Canares & Rashmi Sachan</i> B2B SaaS using computer vision to diagnose disease from smartphone images for telehealth clinics — AI-native diagnostic tool with \$2M sales pipeline and a paid pilot; raising \$1.3M.
Epiwatch <i>Teresa Prego</i> First FDA-cleared Apple Watch app for epilepsy seizure monitoring — consumer digital health wearable with real-time AI detection; currently raising \$3M Series A.	SafeTower <i>Kumar Subramaniam & Eileen Kasda</i> AI patient safety & healthcare ops platform deployed at Johns Hopkins — auto-categorizes safety events and identifies hidden risk signals, directly aligned with Sundeep's healthcare admin AI thesis.

WHO WE ARE MEETING WITH

Sundeep Peechu | Managing Partner

Managing Partner since 2010. Led investments in Mercor, Plaid, Komodo Health, Ginkgo Bioworks, and Recursion. Focus: Health & Bio and AI. Prior: Sarvega (acq. Intel). IIT Madras & UIUC CS; Stanford MBA.

Aydin Senkut | Founder & Managing Partner

Founded Felicis in 2006; Google's first product manager. Forbes Midas List 12 consecutive years. Early backer of Shopify, Fitbit, Adyen, and Canva. Wharton MBA; Penn MS.
